

The background of the image is composed of several concentric squares. The outermost square is a light teal color. Inside it is a slightly darker teal square, followed by a medium teal square, and then a dark teal square. In the center of these squares is a large, irregular, dark grey blob. The blob has a smooth, organic shape with a small, sharp point at the top. A white rectangular box is centered over the dark teal square, containing the title and subtitle text.

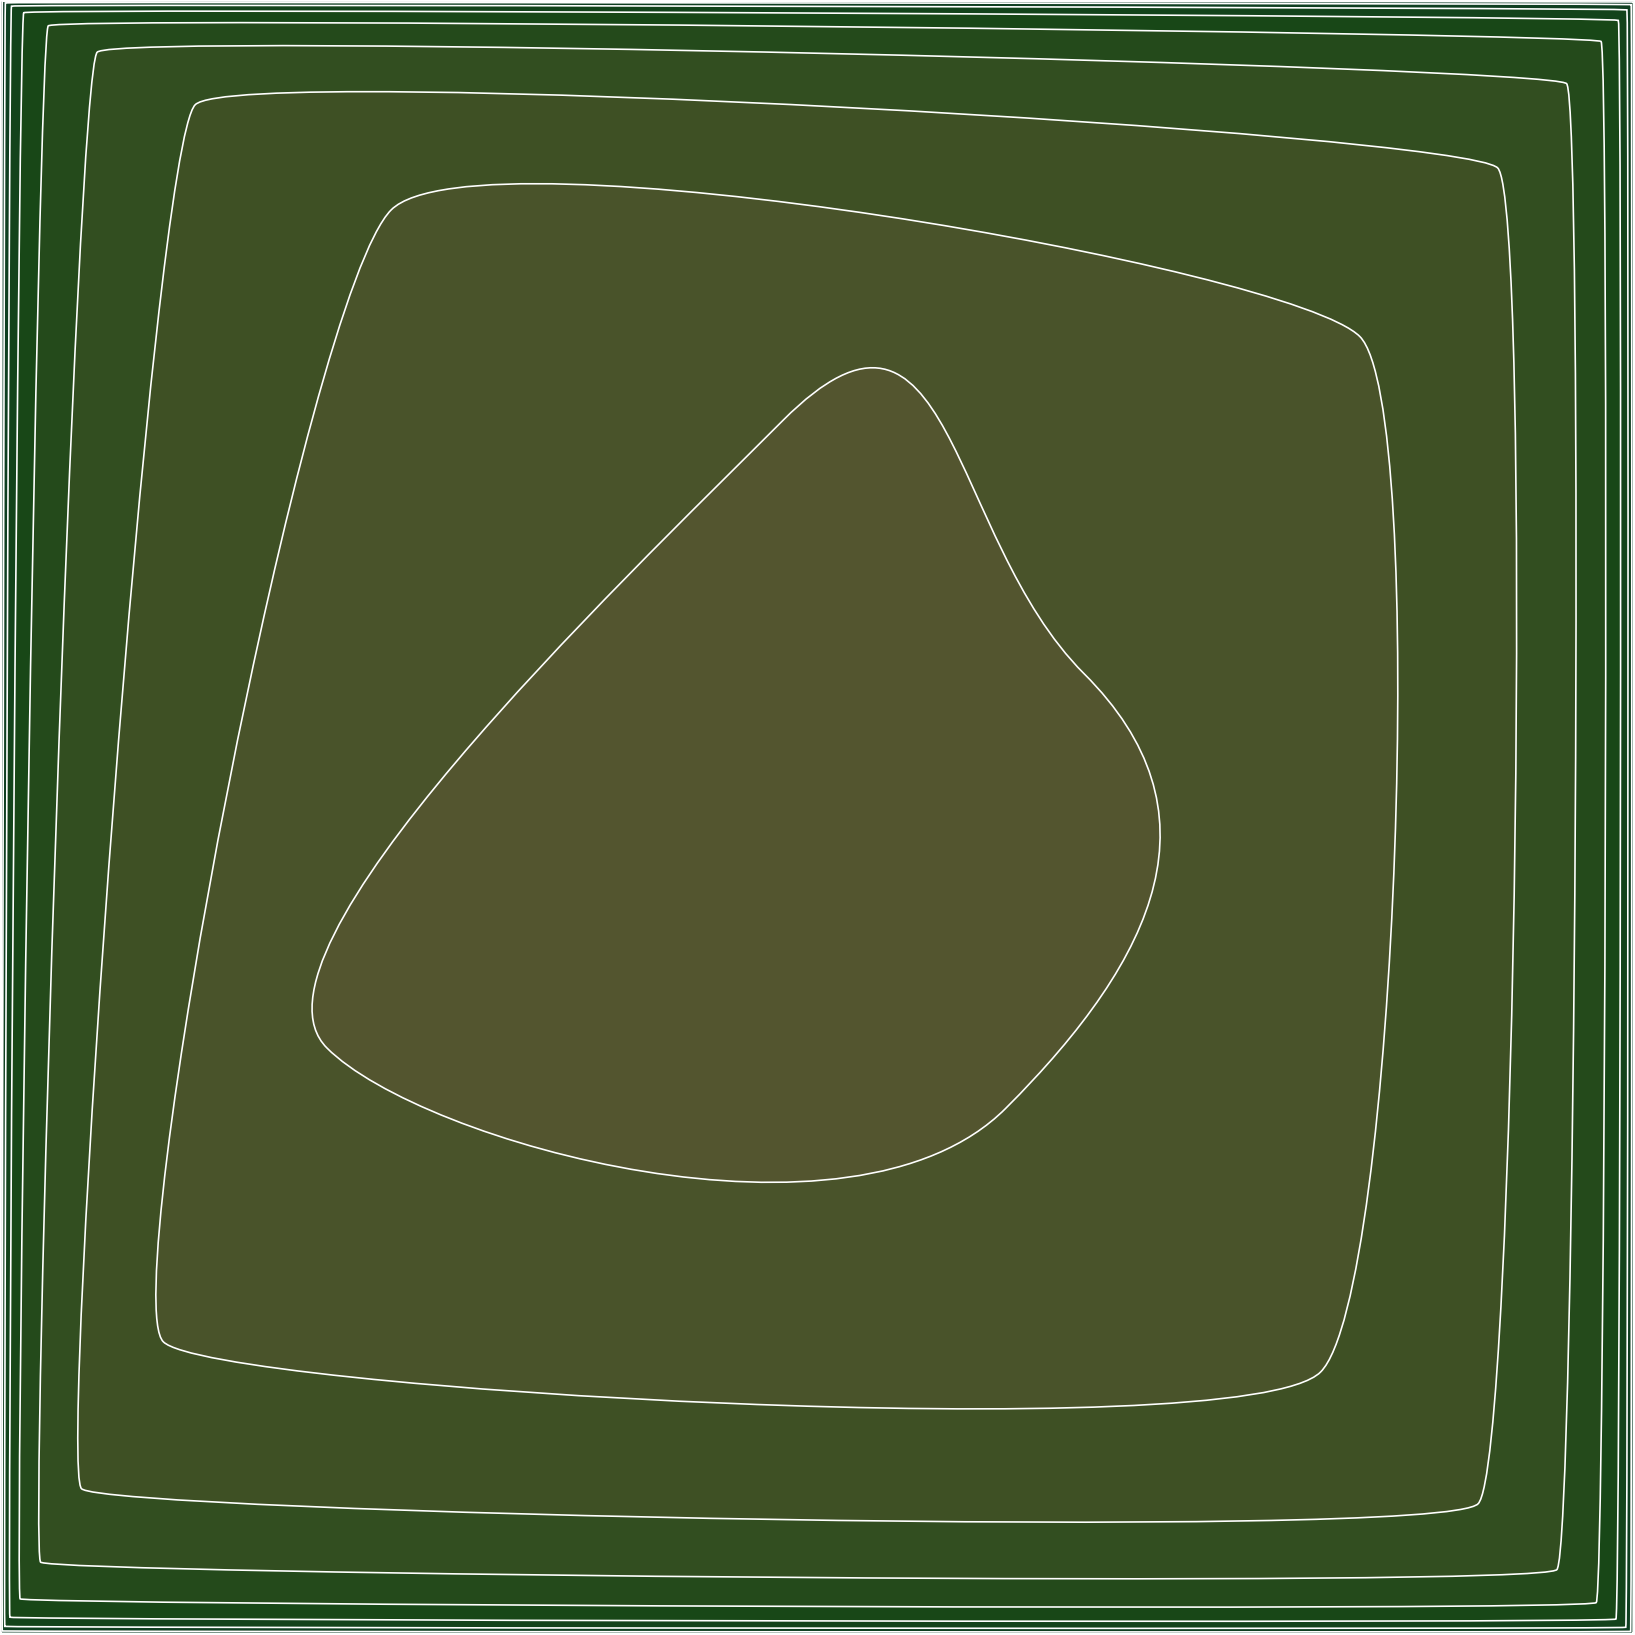

100 random blobs
